Proposed Agenda

Examiner Le:

We would like to schedule an in person interview with you and your supervisor on January 5, 6, or 7 at 2pm in the afternoon. The status of the case is that the claims stand rejected under a non-final office action. Attending the interview will be the inventor, Kevin Irlen, and the attorney of record, Patric Rawlins. We propose the following agenda for the interview:

- I. Discussion of the inventive technology – how it works, why it is different. (5 – 10 minutes).
- II. Demonstration of the inventive technology. (10 – 15 minutes).
- III. Discussion of the prior art references McGlew (and Rao if necessary).
- IV. Discussion of the claims and why they define around the prior art.

We have not yet determined whether we will propose claim amendments during the interview. If we do, I will fax you the proposed claim amendments a few days prior to the interview so you have time to review and consider the proposed amendments.

If you need any additional information to schedule the interview, please call Patric Rawlins at 619-5425-3829. We are trying to make our travel arrangements so please confirm a day and time for the interview at your earliest convenience.
